September	171,687
October	171,687
November	85,843
December	85,843

\*Approximate. All units compliant.

**Non-energy commitments**

Resource efficiency and recycling requirements	This console meets the requirement (Yes/No)
<b>A refurbishment or out of warranty repair service for each games console is available, and supported by the following requirements:</b>	
Technical documentation is available to authorised repair centres to enable repair or refurbishment	Yes
Spare parts are available to authorised repair or refurbishment centres	Yes
To improve both recycling and reuse at end-of-life, maintenance and refurbishment is possible by non-destructive disassembly	Yes
<b>To improve recycling at end-of-life, console plastics parts &gt;25g are marked indicating their material composition (using ISO conforming marks), with the following exceptions:</b>	Yes
The part has <math><1\text{cm}^2</math> level surface available for marking	
The performance or function of a part is compromised e.g. buttons with tactile surface, plastic lenses, or display screens.	
External transparent parts	
Marking is not technically possible due to the specific production method of the plastics used in the part e.g. extrusion moulding.
